How to Add a Facebook Comment Plugin

wishpond.com

- 1. Head to https://developers.facebook.com/docs/plugins/comments
- 2. Enter the URL of the landing page you want your plugin to appear on
- 3. Choose the width of your plugin (100% is the entire width of your page)
- 4. Select the number of posts you want to show on your page
- 5. Click Get Code

#### 6. On the screen that pops up, copy the code between <script> and </script>

**Note**: Don't copy the <div id="fb-root"></div> code that comes together with the script code

<pre>HTML5 XFBML IFRAME URL Include the JavaScript SDK on your page once, ideally right after the opening <body> tag.
