## How To Add an Exit Popup to Your Shopify Store Shopping Cart

[wishpond.com](http://wishpond.com)

# wishpond HOW-TO

1. In your Shopify account click on “Themes” in the left sidebar.

## 2. In the top right corner click “Customize theme.”

The screenshot displays the admin dashboard for 'Slopestyle Ski & Board' by Claire Grayston. The left sidebar contains navigation options: Search, Dashboard, Orders, Customers, Products, Collections, Discounts, Gift Cards, Reports, Blog Posts, Pages, Navigation, Themes (highlighted), Apps, and Settings. The main content area is titled 'Themes' and shows the 'Launchpad-Star' theme. In the top right corner of the theme preview area, there are three buttons: 'Upload a theme', 'Visit the Theme Store', and 'Customize theme'. The 'Customize theme' button is highlighted with an orange border, and an orange arrow points to it from the right. Below the theme preview, a laptop and a smartphone display the website's front end, featuring the 'Slopestyle Ski & Board' logo and a product listing for 'K2 Hit Machine Snowboard' priced at \$315.00 with an 'Add to cart' button.

## 3. Again in the top right, select “Template Editor.”

The screenshot displays the Wishpond dashboard for a store named 'Slopestyle Ski & Board' owned by 'Claire Grayston'. The interface is divided into a left sidebar with navigation options (Search, Dashboard, Orders, Customers, Products, Collections, Discounts, Gift Cards, Reports, Blog Posts, Pages, Navigation, Themes, Apps, Settings) and a main content area. The main content area is titled 'Themes / launchpad-star' and features a 'Live theme preview' section with a 'Preview in new window' button. Below this is a 'Theme presets' section with a 'Custom' dropdown and a 'Visit the Theme Store' button. The right side of the main content area is a settings panel titled 'Logos, colors, fonts & more'. This panel includes 'Logo and icon settings' with checkboxes for 'Use custom logo?' and 'Use custom icon? (16px x 16px)', each with a 'Choose File' button and a 'No file chosen' message. Below this is a 'Logo and navigation alignment' dropdown set to 'Centered logo, navigation below'. The 'Colors' section contains several color pickers: Background color (#ffffff), Line color (#dddddd), Navigation link color (#333333), Text color (#555555), Heading text color (#333333), Link/button color (#f45b4f), and Button text color (#ffffff). In the top right corner of the dashboard, there is a 'Template Editor' button (highlighted with an orange box and an arrow) and a 'Save' button.

## 4. Click the “cart liquid” on the left sidebar to edit the code.

The screenshot displays the Shopify Theme Editor interface for the 'launchpad-star' theme. On the left sidebar, under the 'Themes' section, a list of files is shown. The file 'cart.liquid' is highlighted with an orange box, and an orange arrow points to it. The main content area shows a search bar and instructions to pick a file from the sidebar to start editing. The interface includes a 'Theme Settings' button and a 'Preview' button in the top right corner.

Themes / launchpad-star

Pick a file from the sidebar to start editing this theme

Search files...

Layouts

- [Add a new layout](#)

- customers/addresses.liquid
- customers/login.liquid
- customers/order.liquid
- customers/register.liquid
- customers/reset\_password.liquid

Pick a file from the left sidebar to start editing

or

Edit your theme locally using your favourite text editor and automatically upload the change to your live store. [Install the Desktop Theme Manager \(Mac only\)](#)

## 5. Copy the script code from your Wishpond account in the “Advanced Options” step of the exit popup creation wizard.

**Choose Pop-up Type**  
Exit pop-up

**Choose which page to add the Pop-up to**  
A page on my website or blog

**How often should each user see the pop-up?**

No limit

Limit to  impression(s)  to each unique user

**Choose which URL(s) to add the Pop-up to**  
 Basic Match

Show pop-up on this URL, no matter what parameters it has.

**Copy and paste this code into every page on your website**

```
<script type='text/javascript' src='https://www.wishpond.com/w  
p_script/292249.js' defer></script>
```

## 6. Paste it into the end of your cart liquid.

```
<div class="checkout-buttons clearfix">
  <label for="note">Add special instructions for your order...</label>
  <textarea id="note" name="note" rows="8" cols="70">{{ cart.note }}</textarea>
</div>
-->
{% endcomment %}
</div>

<div class="span6 cart-buttons inner-right inner-left">
  <div class="buttons clearfix">
    <input type="submit" id="checkout" class="btn" name="checkout" value="Check out" />
    <input type="submit" id="update-cart" class="btn secondary" name="update" value="Update" />
  </div>
  {% if additional_checkout_buttons %}
    <div class="extra-checkout-buttons">
      {{ content_for_additional_checkout_buttons }}
    </div>
  {% endif %}
</div>

</form>
</div>
</div>
{% endif %}

<script type='text/javascript' src='https://www.wishpond.com/wp_script/292249.js' defer></script>

<!-- End cart -->
```
