CASE STUDY

CHALLENGE
Before the I do’s is an online B2C Wedding Accessories company. They wanted to grow visibility and interaction with new and existing clients to drive traffic to their Website and online sales. They needed a solution that would address a very specific target group and touch base with them even when their wedding day was over.

SOLUTION
Before the I do’s used Wishpond’s Sweepstakes. By giving away a gift voucher for their online store they grew brand awareness and created a buzz and excitement. They posted their Sweepstakes on Facebook, their Website and used Facebook ads to give additional boost. Additionally they sent out emails to existing clients with a link to their Contest. They used savvy content to keep their new fans engaged and by posting 3 times a day their FB engagement grew consistently.

OUTCOME
In just one month Before the I do’s:
• grew online sales and traffic on their Website
• added over 1300 new fans
• increased Fan engagement 10 times
• captured over 670 participants
• accomplished a potential reach of over 270,000

After much research, we chose Wishpond based on their experience and their previous client case studies. And we couldn’t be happier with our decision. Wishpond was very easy to work with throughout the entire Facebook Sweepstakes. They guided us when we asked for it, and they always responded to our emails promptly. Two thumbs up!
